PHONE COMPANY ASKS MORE TIME

Lengthy Discussion of Service, Improved System and Increased Costs Before City Council

Granting the pleas of representatives of the Cumberland Telephone and Telegraph Company for a little more time in which to make a definite proposition to the City of Richmond for establishment of improved service, and establishment of a reasonable rate, the City Council at its regular meeting Thursday night, deferred until its September meeting, enactment of the ordinance requiring removal of the phone, lighting, and power wires from the business section of town, which is soon to be paved.

District Superintendent Webb came here from Winchester and flanked by Attorneys Burnam and Greenleaf and local Manager Agner Harris, made a convincing argument as to the difficulties under which the telephone business has labored since the war. The company came before the council with a formal request for continuance of the present rates established under government control, up until December 1st, at least. Mr. Webb stated that expenses in all departments have increased so tremendously that even the present unsatisfactory service cannot be given at the pre-war rates, which the city can enforce through its contracts with the company. In reply to a question, Mr. Webb stated that the best year the company had had in Richmond for some time was in 1917 when it made a 7-10 per cent on its investment.

The Mayor and practically all of the councilmen, engaged in the discussion, which occupied the greater part of the proceedings during the evening. It is manifest that the members of the city council and other officials desire to be entirely fair in every way with the telephone company and to give it every possible opportunity to make a reasonable return upon its investment.

Councilman Terrill remarked, however, that the council feels that the interests of the people deserve and will obtain just as much consideration as those of the company, and the council will be glad to consider the matter of a living rate for the company, when it has assurance that the company is to furnish the public an improved service within a specified time.

Attorney Burnam admitted that while the present service is perhaps not perfect—yet if telephones were taken out everyone would miss greatly even the service that is being given at present. He said that there is no doubt but that the people want the improved common battery system. He reminded the council and officials, however, that some years ago the company came before the council and offered to install the improved system but it was rejected after months of consideration. He said that Danville did accept the company's proposition and the improved service was established there at a cost of \$85,000, and that everything that goes to make up a telephone plant is fully twice as costly now as then.

In respect to removal of the telephone poles from Main street, the telephone people pointed out that to move them at present would cost a cool \$20,000, and which would be dead loss. However, it was pointed out, that if

33,000 STRIKE IN MEAT PACKING HOUSES

(By Associated Press)
Chicago, Aug. 8.—A general strike of 33,000 packing-house employees in the stockyards began today because state troops and police guards stationed there as a protection in the previous race riots were immediately withdrawn. The strike was precipitated by the return to work yesterday of 5000 negroes.

THE MARKETS

Cincinnati, Aug. 8.—Hogs a quarter higher; Chicago no prices; butcher cattle strong; steers steady; lambs slow; looks lower account railroads not accepting.
Louisville—Cattle 200; active and unchanged; hogs 1,400 steady and unchanged; sheep 2,800; steady and unchanged; lambs \$15.25.

WANT WHEAT PRICE GUARANTEE ANNULLED

(By Associated Press)
Washington, Aug. 8.—Repeal of the government guarantee price for wheat to enable farmers to secure higher prices, was urged today before the Senate Agriculture Committee. Action was deferred. Senator Norris, republican of Nebraska, proposed it and T. C. Atkinson, of Washington, representative of the National Grange, endorsed it "that is exactly what the farmers are praying for," he said.

First Friend Is Called For

(By Associated Press)
London, Aug. 8.—A Copenhagen dispatch asserts the allies have demanded the surrender of General Kruska, commander of the German prison camp at Kaiser, as the first of enemy officials to be tried for violation of international law during the war. Three thousand French prisoners died at the camp of typhus fever.

The common battery system is installed, the company can take its poles off the main thoroughfares, and reach the business district by lines on Water and Irvine streets from the rear.

Mr. Webb said that he did not think the common battery system could be installed in less than 2 years. Unless the company gets definite figures from the factories which make these plants, and obtain a definite time of delivery, he said, the company will be unable to name a time in its negotiations with the city. He declared that the supplies of all factories manufacturing the necessary material had been taken over by the government during the war and it was almost impossible to get an idea as to what supplies can be obtained. He said that the company's engineers have been working on the matter for 60 days but as yet have been unable to get a factory to say in black and white just what they will do or when, but he hoped to have a proposition to submit to the city at the next councilmanic meeting. As an instance in the increase of costs, he said that telephone poles that used to cost the company \$1 delivered at the hole, now cost from \$8 to \$9.

After much discussion over the pole removal ordinance, it was finally decided to hold it over until the meeting night in September, at which time, Councilman O'Neil announced he will call it up for passage. The ordinance provides a blank space of time in which the poles must come off, and it seemed to be the consensus of opinion that to be fair and just to all concerned, a year's time should be allowed. It was pointed out that the poles are on the sidewalks and will not interfere with the paving of the streets, except insofar as the lighting wires must be placed under ground, in the event that a White Way is built as the same time the streets are laid.

A Great Remedy

The merit of Chamberlain's Colic, Cholera and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who has no acquaintance with them and should read the following by F. H. UNIONS CONSIDERING WILSON'S DEMANDS

(By Associated Press)
Chicago, Aug. 8.—Union officials of the Federated Railway Shopmen's unions today announced that the organization's executive board is considering President Wilson's demand that 300,000 workers return to work before their request for higher wages will be considered by the government. It is said a decision is expected tomorrow afternoon. Forty additional passenger trains were cancelled today by the Chicago railroads as a result of the strike.

TEXAS SOLON SAYS STOP THIS ANARCHY

(By Associated Press)
Washington, Aug. 8.—A joint resolution, declaring a state of anarchy exists in the United States, and authorizing the President to free interstate mails and traffic from further unlawful interference and adequately protect citizens in their property rights was introduced today by Representative Blanton, Democrat of Texas. No mention was made of railroad strikes, but the resolution declared that means of communication are interfered with thereby attempting to destroy industries of United States. As a result of open brigandage the resolution continued, hitherto tolerated, demands have been made on the Government to pay out of the people's treasury into the hands of a special class public money to the extent of billions of dollars with a threat of revolution against the Government unless the demands are complied with, which conditions establish a state of anarchy.

K. C. STRIKERS GO BACK TO WORK

(By Associated Press)
Kansas City, Aug. 8.—Bulletin—Responding to appeals of the heads of their organizations, striking railway shopmen of six federated crafts at a mass meeting here today, voted to return to work immediately.

Passenger Trains To Run

Washington, Aug. 8.—The railroad administration officials today declared that no nation-wide curtailment in passenger traffic is contemplated as a result of the shopmen's strike.

Rayburn Calls Workers' Plan a Soviet System

(By Associated Press)
Washington, Aug. 8.—Glenn Plumb, author of the Plumb plan for railroad control, appeared again today before the House Interstate Commerce Committee. Representative Rayburn, of Texas, referred to the brotherhood scheme as a soviet system. Plumb said he didn't know about that, but asserted his plan or a modification of it can be applied to every industry based on government grant or monopoly.

HOUSE TO HEAR WILSON'S H. C. L. PLANS

(By Associated Press)
Washington, Aug. 8.—Bulletin—The House adopted a resolution for a joint session of Congress at 4 o'clock this afternoon to hear President Wilson's recommendations as to a means looking to reducing the high cost of living. A point of no quorum was made by Representative Blanton, democrat, of Texas, when the chair refused to recognize him for introduction of the measure but the roll call developed a quorum was in attendance.

Senate To Investigate Mexico

(By Associated Press)
Washington, Aug. 8.—The Senate Foreign Relations Committee today voted unanimously to report Senator King's resolution proposing an investigation of the Mexican situation. The resolution was broadened so that the committee could take testimony at any place or time. The resolution, adopted without debate, authorized the committee to make a sweeping investigation of outrages against Americans and American property in Mexico and report what, if any, means should be taken to prevent such outrages.

Give 'Em The Axe

(By Associated Press)
New York, Aug. 8.—Charged with criminal anarchy under an old section of the penal code, four men were arrested today by detectives of the bomb squad after a raid on their apartments in the Bronx. Much anarchistic literature and a loaded revolver were found.

Make \$100,000 On Lot Sale

The sale of Ashland Park lots at Lexington Tuesday amounted to about \$275,000. It is said that the syndicate, composed of Bolivar Bond, Clyde Buckley, T. C. Greary and three Lexington men will make a profit of about \$100,000 on this property. They have 30 acres left which was not platted.

Jim Hamilton Buys Another

The Garrard county farm known as the "John Will Poor" farm was sold this week by the United Realty Company of Lexington, to J. L. Hamilton and Howard King, of Lancaster. The farm contains about 450 acres and brought \$42,000. It lies on the Lexington and Lancaster pike, near Camp Nelson.

ENGINEER WILL CONTINUE "RUN"

Ford To Keep Up Use Of "Trutona"—Saves Further Benefits Ahead

Louisville, Ky., August 8.—John Ford, a popular L. & N. engineer, now residing at 2815 Third street, Louisville, was formerly a well known Bowling Green resident, and he has hundreds of friends throughout the state. Mr. Ford is grateful for the relief Trutona gave him and expresses his thanks in the following manner:

"My system generally was run down," he said. "It seemed I couldn't do my work with any display of zeal. I had no appetite, couldn't sleep at night and dizzy spells frequently annoyed me. My head seemed to swell every time I stood over. I felt sorta down and out, I'll tell you."

"I'm going to continue using Trutona all the time now. I sleep better, eat more, and the food agrees with me and doesn't cause the gas formations in my stomach as before. I'm glad to recommend Trutona as a good system tonic and regulator."

Trutona is now being introduced in Richmond by H. L. Perry & Son.

HAD A CLOSE CALL

Two popular Richmond boys had a narrow escape in their auto while returning from a dance at Harrodsburg the other night. A dispatch from Danville said of the affair: Franklin Deatherage and Hume Chenault returning from a dance in Harrodsburg did not notice that a freight train was in the crossing here until they were a few yards distant. Chenault, who was at the wheel, swerved the car to the right. It darted down the track alongside the train, tore through a cable guy rope, and went over into a ditch on the side. Neither occupant was hurt.

EMBARGO HURTS LOCAL STOCK MEN

Madison county stock shippers are still "up in the air" over the live stock embargo on the L. & N. to Cincinnati. Unless there is some relief very soon, local stock buyers are going to lose a lot of money. Those who have hogs bought for immediate delivery are being forced to take them up, and turn them in stock pens to feed until they can ship them. A number of cattle buyers are weighing up the beefs they have purchased and turning them back into pastures, paying the farmers for grazing privileges.

Developments in the embargo since yesterday were, notification by the Senate Interstate Commerce Committee to President Wilson that he has ample authority to handle the strike of the railroad shopmen.

President Wilson notified Director General Walker D. Hines that he was authorized to take up the demands of railroad shop employees for higher wages and decide them on their merits.

The President's decision was announced from the White House in the form of a letter sent by him to Mr. Hines. The President said "until the employees return to work and again recognize the authority of their organization the whole matter must be at a standstill."

The effect of the President's decision, it was believed, would be to put a sudden end to sporadic strikes throughout the country, denounced to be illegal by union officials, but involving perhaps 80,000 men and to some extent normal traffic. It was taken for granted also that the menace of a general strike to compel higher wages to meet increased living costs likewise was removed by the President's action.

All passenger as well as freight traffic has been suspended on the C. & O. in Indiana.

All freight trains have been discontinued on the Lexington division of the C. & O.

DOES CITY OWN ROSEDALE STREETS

Controversy Over Fence Across One Comes Before Council—City Fathers In Session

Whether the city owns the streets which we laid off in Rosedale addition recently opened by a Shelbyville real estate firm, is a point in a controversy which came before the City Council Thursday night. Mr. George H. Myers, Sr., asked the City Council for protection for property of his son, claiming that Mr. C. C. Wallace, who owned several other lots in the new addition, had built a fence across one of the streets and to which he had no legal right. Mr. Wallace replied that he would remove the fence if it could be shown that it was hurting anyone. Considerable feeling seemed involved in the controversy. The matter was referred to the City Attorney to investigate.

In the absence of City Clerk W. E. Blanton in Cincinnati on business, Councilman O'Neil acted as Clerk when the Council was called into regular session Thursday night. Police Judge G. Murray Smith's report for July showed imposition of fines to the amount of \$37 during July. City Collector Dykes reported collection of \$2,170.15 during July, while Chief of Police Claude Devore reported collection of \$118 in fines in that month and as usual attached his check to the report for that amount.

Street Commissioner Jas. H. Allman submitted a comprehensive report of the street work which his force has done during July at a cost of \$613.45. He reported the following streets having been resurfaced: Water from Second to Lancaster; North from Fifth to Seventh; Aspen avenue from Main to North; Walnut from Third to B., and Estill avenue from Irvine to Four Mile road. He reported 336 rods of rock having been crushed during July.

The council granted license to W. S. Hamilton to conduct a pool room in the Richmond Hotel.

Mayor Evans told the council that First street business men desired the parking arrangement changed on their street on court days and other busy days and he had instructed the police accordingly, so that enactment of an ordinance to cover the situation did not seem necessary.

Councilman Terrill said that weeds on North street are about as high as a man's head, and that a new crossing is badly needed on Glyndon avenue. A motion carried directing all property owners to have the weeds cut in front of their premises, and to have a new brick crossing installed at the place suggested by Mr. Terrill.

Upon motion of Councilman Mershon, new buckets were ordered for the pest house pump, and Councilman Golden reported that he had sold the city's old spring wagon for \$10 and would sell or give away the horse on Saturday.

The report of City Engineer Crecelius on work so far done on the street paving plan, was listened to with interest. It will be printed in full in the Daily Register Saturday.

The city attorney was directed to investigate a complaint made by Mrs. Tedor in regard to a restaurant obstructing her view from her home on Third street.

Building permits were granted as follows:

To George H. Myers to build a house on his lot in Rosedale addition to cost about \$1,600.

To the Western Petroleum Co., to erect a service station near the L. & A. depot, to cost about \$300.

To B. J. and L. R. Clay to erect a garage on their lot at the corner of Aspen avenue and West Main street, to cost about \$1,200.

The request of City Assessor Trim Deatherage for payment of \$100 for helper's work in assessing the city was referred to the Finance Committee. The council adjourned to August 15th when it will consider some necessary ordinances in regard to street paving.

Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

SOCIAL and PERSONAL

Enjoyable Recital at Stanford

The musical recital given for the benefit of the The Young Women's Missionary Circle of the Christian church, was quite a success and every number received hearty applause, says the Stanford Interior Journal, and Mrs. Robert T. Bruce who was the moving spirit of the occasion, is to be congratulated upon her untiring effort. Miss Cynthia Davison sang two groups of solos, during the evening, her beautiful voice showing to good advantage, in the varying types of song. She was encored with every number. The piano accompaniments were played by Miss Mary Moore Raney, who taught in Caldwell High school two years ago. A nice sum was realized for the Circle.

DOTY CLEANS UP AT HARRODSBURG FAIR

After making an almost perfect record at the Mercer county fair in Harrodsburg last week, Edgar T. Doty, of Richmond, is showing his string of saddle and harness horses at Bera's big fair this week. He will then show at Perryville, Lawrenceburg, Shelbyville and the State Fair at Louisville. Mr. Doty made in all, eight shows at Harrodsburg and took six blues, being second in one ring and third in another. He won the sweepstakes harness ring with his stallion, Nobleman, the heavy harness classes with Tarzan and cleaned up the three-year-old rings with his crack filly, the Lady in Grey, full sister to Maydan. Many expert horsemen who saw this grand little filly in action, say that she gives promise of developing into a better show prospect than her grey brother. Mr. Doty's sorrel mare, Flashlight, became ill and he did not show her at Harrodsburg.

MORE MUSICAL EVENTS FOR LOCAL MOVIE GOERS

One of the best novelty musical attractions to be presented in Richmond is the Solisti Marimba Band, which is engaged for a week at the Opera House. This is a Keith act, which came here direct from the Walnut street theatre, Louisville. The manager engaged the unusual players for the entire week and it has surely been a treat for the Richmond movie goers. This South American Marimba band is the only one of its kind in this country, and it makes music which few people here have ever heard before.

Large crowds have been attending every night this week, and it is expected to night and Saturday will be the record breakers. This band opens at the Strand theatre, Lexington next Sunday, and from there will go to the Gibson hotel, Cincinnati, for the fall season.

Because of the success of this musical entertainment the management has booked another musical attraction at the Alhambra and Opera House for next week. The Six Italian Serenaders, who are playing at the Strand theatre, Lexington, at present, will entertain Richmond folks for the entire week, beginning Monday Aug. 11th, with their songs.

On Wednesday and Thursday Aug. 13 and 14, another musical attraction will be presented. The Domingo Filipino Serenaders, and eight people Hawaiian and Filipino Company will present in a Musical Fantasy "A Night in The Philippines". They will play and sing Hawaiian, Filipino Spanish and popular music. Two shows will be given nightly at the Opera House. There will be no picture program at the Opera House on these dates. The feature pictures and the Italian Serenaders will be presented at the Alhambra both night and matinee on Aug. 14 and 13. Extra special features will be shown all next week, such artists as Elsie Ferguson in "The Avalanche", Marguerite Clark in "Come out of the Kitchen", Norma Talmadge in "Way of a Woman", Jack Pickford and Louise Huff in "Freckles", J. Warren Kerrigan in "Come again Smith". The famous Serial, "Oh, you women", which has created such a sensation throughout the world, will be shown, and Charles Ray will be seen in his newest feature "The Busher".

MYSTERIOUS PAINS AND ACHES

Make Life Hard To Bear For Many Richmond Women

Too many women mistake their pains aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use time-tested kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Richmond letter:

"Mrs. Wm. Royce, 229 Big Hill Ave., says: 'I was bothered with kidney trouble and my back ached and pained. I could hardly do my housework. I had severe dizzy headaches. My kidneys were weak and my ankles and feet were swollen. I used Doan's Kidney Pills, from the Madison Drug Co. and they rid me of the trouble. My backache left me and my kidneys acted regularly.'"

ROSEN RYE

SOME FACTS ABOUT ROSEN RYE:—Some few years ago a handful of this Rye was brought from Russia and given to Prof. Spragg, of Michigan, who experimented with it, finally selecting a single plant showing remarkable characteristics. The grain from this plant was saved and planted next season, when the process was repeated until sufficient had been obtained to experiment with a few expert farmers in different localities. At the State Experimental Farm the average yield was over 41 bushels per acre, the quality of the grain being exceptionally high.

It is claimed for Rosen Rye that on account of the manner in which it has been handled it is the purest pedigree seed in existence, particular pains being taken to prevent mixing with other grain. For the past four years the yield of this Rye was fine, averaging from 25 to 45 bushels, the quality being equal to or superior to the best common Rye even in the poor Rye years. The latest yields have been as high as 45 bushels to the acre, with an average of 35 bushels, while the common variety has averaged about 21 bushels.

The opinion is freely expressed by those who have tried Rosen Rye that it pays better to plant this seed, even if the price is twice as high as the common variety, both on account of the excess yield and the better quality of the crop.

ROSEN RYE produces a strong, vigorous straw, and stools to a remarkable degree. The grain is large, plump, heavy and of a beautiful color, ordinarily has four full rows of grain on over 90 per cent of its heads. Seldom winter kills and is especially good on lighter soils. It usually commands a premium in the market over other varieties. On account of its vigorous stooling property less seed is required, the practice being three or four pecks per acre.

We are booking orders for this seed, and if you are going to need Rye for your trade, we advise you to investigate ROSEN and let us quote you prices.

Weekly Health Talks

A WORD ABOUT THE KIDNEYS

BY DOCTOR WATSON

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. The organs have a duty of vital importance to perform, and if they are diseased there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread every where, and one of these poisons is uric acid. The uric acid is carried through the system and deposited in various places, in the form of uric salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatic and backache. Finally, some stones in the bladder, diabetes and Bright's disease, are caused by uric acid.

Dr. Pierce, of Buffalo, N. Y., in recent years discovered that a certain combination of remedies would dissolve uric acid (uric salts) in the system. I found this combination to be harmless, so that he made it up in tablet form of double strength, and called them Anuria Tablets. They dissolve uric acid in the human system as hot coffee dissolves sugar. If you have uric acid troubles, don't delay in taking Anuria Tablets, which can be secured in all drug stores. You can write Dr. Pierce too, and he will tell you what to do.

A Traveling Man's Experience

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

FINE ADDRESSES AT COLORED CHAUTAUQUA

(by J. W. Cobb)

The Madison County Colored Chautauqua continues to draw large crowds. Thursday was Ladies Day and the program was good. The morning session was devoted to demonstrations by Mrs. Gertrude Holland, of Wilberforce, O. Mrs. Holland is a former Richmond girl and the citizens of Richmond are always glad to help one of their own.

The display of needle work and drawn work by the ladies of the city and county was a credit in every way and received much favorable comment.

In the afternoon Mrs. Bessie C. Jones, of West Baden, Ind., entertained the children and grown-ups with her short stories. Mrs. Jones is a wonder and her wit and humor captivated and charmed her audience.

Miss Belle H. Bennett also delivered an address which was highly enjoyed and appreciated. Thursday evening's session was largely attended. Mrs. Gertrude Holland and Mrs. Bessie C. Jones delivered addresses on Woman. Mrs. Jones made a forcible argument and held her audience spellbound. Her speech was laden with beautiful gems of thought and sentiment. Her address was one that all should try and live up to.

The crowd was large at all sessions. Saturday is Farmers' Day. We hope to see all farmers and their wives present. Prof. G. W. Carver, of Tuskegee, Ala., who is known throughout the country as an expert agriculturist, will be present and talk to the farmers upon better soil and better crops. Saturday evening, Dr. Jas. Bond, State Y. M. C. A. Secretary at Camp Taylor, will deliver an address. Health tonight. Hon. W. T. Vesey, ex-Register of the Treasury, will speak on "The Negro and World Democracy." Admission 25c and 50c.
